ACCOLADES TO PH COMPANIONS OF PINELLAS, LCC

My mother moved from Orlando to a Retirement Community of her own choosing and had a lovely apartment, 5 blocks from my condo. When she was moved into Assisted Living she was a very healthy person able to get around on her own. When her short term memory became impaired the Administration wanted us to move her to the Health Center. (She was often coming to the Nurses Station to ask "what she needed to do now". She was becoming more and more anxious.)

My family decided that since mom was able to dress herself and walk on her own that the Health Center was not the place for her, and we didn't wish to see her spend the rest of her life in bed, and thus we contacted Dee Pfeiffer and PH Companions of Pinellas, LLC.

PH Companions of Pinellas was a god-send. These women are so patient and understanding and cared to much about my mother and her welfare. I am just so grateful that my mother's last months and days were spent in their companionship--these women truly become family.
